

# October 2011

## 20-40

On The Stands October 6, 2011

### Feature: Parade of Homes

*Special follow-up issue with interviews featuring Parade of Homes builders. Celeste Smucker, writer.*

## 20-41

On The Stands October 13, 2011

### Feature: 18th Annual Martha's Market

*This much-anticipated annual event features close to 70 boutiques from across the country who turn the John Paul Jones Arena into a beautiful marketplace. Martha's Market is organized by The Women's Committee of Martha Jefferson Hospital to support many facets of women's healthcare, with the primary emphasis on Breast Health.*

### House & Home: Front Porches

*The front porch, while not strictly necessary, can make a house more attractive, inviting, livable, and even valuable. Architect Robert Boucheron gives all the reasons why homeowners benefit from having a front porch, from cultural reasons to practical reasons.*

### Special Real Estate News:

2011 3rd Quarter Market Report

## 20-42

On The Stands October 20, 2011

### Feature: Haunted Places: The Exchange Hotel

*The Exchange Hotel in Gordonsville is rich in Civil War history, but it seems many of its visitors never left! The hotel has caught the attention of many who are interested in the "permanent residents" inhabiting the premises.*

## House Finance:

The Pros and Cons of Internet Banking

*Online banking, at least to some degree, has become the norm for many simple bank transactions. While that's not a bad thing, it doesn't necessarily mean that direct Internet banks are a substitute for their brick and mortar peers in all cases.*

## 20-43

On The Stands October 27, 2011

### Feature: Art in Place

*The non-profit corporation ArtInPlace under the sponsorship of City Council, has established sites around the City of Charlottesville, Virginia to make art accessible to the general public. Many of these pieces are purchased by the City for permanent display around Charlottesville.*

### House & Home: Five Ways to Go Green

*Sustainability, energy conservation, wise use of natural resources, recycling, save the earth—these are all related ideas, and timely, given rapid development in much of the world and the fact of global warming. "Green design" is the latest form of the idea, especially as it relates to manufactured products and buildings.*
